TITLE I

LITERACY SUPPORT & MATH SUPPORT PARENTAL INVOLVEMENT POLICY

The Delran Township School District is an interconnected learning community committed to excellence in preparing all students to become lifelong learners and productive, responsible, global citizens.

We strive to ensure that all students are provided with the knowledge and skills needed for the 21st century learners as reflected in the Common Core State Standards and New Jersey Core Curriculum Content Standards. We encourage parents to stay informed about their child's educational program and how they can help the schools develop an educational plan that will meet the needs of their Title I students.

The district will offer many opportunities for parents to become involved in their students' learning. By working together we can make a difference in each child's education.

Parents and guardian are asked to give support in the following ways:

- Maintain communication with your child's teacher to address areas of concern and to follow progress.
- Check the Parent Portal on the district website frequently.
- Attend school events such as open houses, family nights and student performances.
- Make an appointment to seek assistance from teachers or guidance counselors to intervene in possible problem areas.
- Join parents' organizations.
- Attend parent-teacher conferences and request additional meetings, if needed.
- Keep teachers informed about events and issues that may affect your child's work or behavior.
- Talk about homework with your child.
- Read to your child, and talk with him/her about what you are reading.
- Limit TV time, and watch and discuss programs with your child.
