How did we get here?

- IMPROVEMENT ACROSS THE BOARD!!
- Structured curriculum and strong teachers that embed the DLM concepts into daily instruction.
- Updated curriculum, K-12 life skills curriculum, improved and sustained PD, targeted technical assistance to teachers, additional CST staffing and supportive administration.
- Diving into year three of sustained and consistent support for the special education department and striving for continuous improvement.

Next Steps

- Conduct meetings with the two teachers of the DLM students.
- Discuss scores and look at trends for individual students and for classrooms
 - 4th Grade scores- concern
 - 6th Grade scores- concern
 - 8th Grade scores- concern
 - Review students that recently moved in versus students that have been educated in Delran.
- Discuss how the new curriculum should impact these test scores in the future.
- Create SMART goals to address the areas of weakness and continue to support the areas of strength.

Thank you for your dedication
to our students!
