

October 23, 2020

Dear DHS Parents and Guardians,

We are looking forward to resuming in-person instruction and extra-curricular activities on Monday October 26, 2020 at Delran High School.

Now seems like a timely reminder to have your children redouble their efforts with masking, hand washing, maintaining social distancing and not exposing themselves to those outside of their family circle or "pod" for periods longer than 10-15 minutes. These actions serve as the hallmark of public health and mitigating the spread of COVID-19.

The last two weeks have reinforced the desire for in-person instruction and in person extracurricular activities. At the District level we share that commonality.

As a reminder this upcoming Wednesday will be a Delaware Hybrid Day. Thursday will be a "Check-in" Day, the administration of the PSATs, and Materials Pick-Up Day for remote students. Please refer to Mr. Finkle's Broadcast for specific information.

Sincerely,
Brian Brotschul, Ed. D.
Superintendent of Schools
