"dedicated to nurturing a supportive, student-centered environment where all people are treated with dignity and respect"

November 12, 2020

Dear Parents and Guardians,

I am writing to advise that The following schools or departments reported individuals that tested positive for COVID-19.

- Delran High School
- Delran Intermediate School
- Millbridge Elementary School

The contact tracing process has commenced and all impacted individuals are being advised through the administration, nursing staff or the Burlington County Department of Health if they are required to quarantine.

All matters are considered to be cases of family transmission and, due to the length of time since students have been present in school, do not require any further action that impacts any school or individual classroom.

In the meantime, I'd ask that you remain vigilant at practicing social distancing, hand washing, gathering indoors and any other behaviors that may increase risk of further transmission of the COVID-19.

Sincerely,

Brian Brotschul, Ed. D.
Superintendent of Schools
